HELTER SKELTER

Bug-eyed monsters are everywhere — only Billy the Ball can save the day by squashing the monsters, snatching the special tokens that appear, and collecting bonuses. If Billy can't manage all by himself a second player can take control of his cousin Bobby. Now it's even more fun — do Bobby and Billy co-operate, or do they compete? Do you play fair, or do you double-cross?

You can even design your own levels using the screen editor — make them as hard, as simple, as much fun as you like!

Helter Skelter is quite simply one of the most addictive and playable games of all time. But don't just take our word for it — read what reviewers have said:

Highly acclaimed ... a good old-fasioned mega-addictive, well hard game ZZAP!

Wildly addictive ACE
